Notice of Non-Responsive Amendment

The communications filed on 3/22/2004 are not fully responsive to the Office communication mailed on 12/17/2003. Specifically, the amended version of the claims does not match the version previously submitted. For example, in claim 12, the claim now reads "A method for producing recombinant mini-Adenovirus..." where it had previously been amended in response to a rejection to read "A method for producing a recombinant vector...". It appears as though applicants are trying to reinstate language which was previously rejected or objected to without properly indicating that doing so is an amendment of the previous version submitted on 9/25/2003. Appropriate correction is required.

Applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance with 37 CFR 1.121, effective, March 21, 2001, in order to avoid abandonment.

EXTENSIONS OF THIS TIME MAY BE GRANTED UNDER 37 CFR 1.136(a).
